Dear Mr. Long,

I would like to be on a list to receive notice of any public documents, comment periods or meetings pertaining to the Great Lakes System Navigational Improvements Study.

I am a lifelong resident on Wellesley Island in the St. Lawrence River. I am very concerned about anything that concerns the River and its future. Thank you very much.

Sincerely,

A handwritten signature in black ink, appearing to read 'Thomas Costello', followed by a long horizontal line extending to the right.
